School Closure – EYFS

Dear Parents/Carers,

As a result of the school closure due to coronavirus, below is suggestions for homework and activities for children to complete whilst school is closed. This homework will not be marked and isn't compulsory, just some suggested activities if you would like to complete them with your child.

You can access books that we read within school on the school website via class pages for Nursery and Reception. We are currently reading the story of Jack and the Beanstalk, which can be found on the internet. Please try to read this with your child and ask them to retell the story and think about how to sequence events in it. Other books that support this topic are:

- Jasper's Beanstalk
- Oliver's Vegetables
- Oliver's Fruit salad
- Eddie's Garden

Phonics

Here are some links to websites that have phonics games and support for Read write, Inc. (Phase 1/2/3)

<http://www.Phonicsplay.co.uk>

<http://www.phonicsbloom.com>

<http://Topmarks.co.uk>

Handwriting

Nursery children have been practising to write their names.

Reception children have been practising writing common and tricky words to help them to create sentences.

Please see homework books for tricky words that have been sent home previously.

Mathematics

This term the children in Nursey and Reception have been looking at measures using non-standard measure (Pegs, cubes, beads etc). we have been comparing lengths and heights. Reception children have also been adding and subtracting. Please continue to practise this at home. To support other areas of maths these websites will be useful.

Topic work

Our topic this term is Growing. We have been thinking how to care for plants and what they need to grow. We have been looking at the life cycle of a plant from seed to flower. We have also been learning about Spring and looking for signs of new life. You will find activities to support this on the following websites.

RE

This half term the children have been learning about growing and new life. We have looked at how we grow in God's love during Lent. We have also started to look at how we can prepare for the celebration of Easter. Here are some links to support this work.
